Loew-Cornell® ([www.loew-cornell.com](http://www.loew-cornell.com))

- Paint brushes
- Brown, white and red ink pads , Scissors, Computer & printer, Glossy white card stock, Pen

### **Instructions:**

1. Print off SAVE THE DATE and calendar image on glossy white card stock.
2. Apply MicroGlaze lightly over calendar and Save the Date. Lightly buff off.
3. Dry brush lightly over card stock with green and brown Martha Stewart Crafts Multi-Surface Satin Acrylic paints to create wood grain effect. While paint is wet, lightly buff over MicroGlaze. Let dry.
4. To create paper for dragonfly, use brayer to apply Mica Gloss onto glossy cardstock. Let dry, then die cut with Dragonfly Sizzlits and Big Shot Machine.
5. Roll white Makin's Clay to approximately 1/8". Use flower from Flower/Leaf cutter set to cut flower and cut leaf. Use scissor to cut individual petals and curve petals

to create realistic effect. Use pen cap to add texture to center of flower. Add detail to leaf. Let dry 24 hours.

6. Use Martha Stewart Crafts Multi-Surface Satin Acrylic paints and Loew-Cornell brushes to paint flower and leaf.
7. Ink JudiKins text stamps with dark brown ink, and stamp randomly onto painted card stock. Ink stamps with white ink and stamp over brown aligning closely to create a dimensional shadow effect.
8. Ink heart with red ink and stamp over date on calendar.
9. Mount clay flower and leaf to front of card with Beacon 527 Adhesive. Add die cut dragonfly.
10. Mount card to self-adhesive ProMag magnetic sheet.
