

## GO TEAM! Super Bowl Door Banner

Designed by Cindi Bisson -  
Behind These Eyes™

[www.fatcatcreations.blogspot.com](http://www.fatcatcreations.blogspot.com)

Support your favorite Super Bowl team this year with an easy to make banner to display on your front door. Customize the colors of felt to match your team's colors (as for me... well a girl can hope - Go Patriots!).

### Materials:

Kunin™ Ecofi™ EmbossedFelt™ Cocoa Brown Alligator Skin, FriendlyFelt™ Cocoa Brown, ClassicFelt™ Red & Royal Blue (or colors of choice) ([www.kuningroup.com](http://www.kuningroup.com))

Makin's Clay® - White

- Professional Clay Tools®

- Roller & Cutter Set

DecoArt® Americana® Multi-Surface Acrylics - Cotton Ball ([www.decoart.com](http://www.decoart.com))

Beacon Adhesives® Fabri-Tac

([www.beaconadhesives.com](http://www.beaconadhesives.com))

Fine paintbrush, scissors, coordinating ribbon

### Instructions:

Draw, or print football image approximately 10" across point to point. Cut out football and use as a template to cut 3 footballs from brown EmbossedFelt™.

Use same template to cut 3 footballs from cocoa brown FriendlyFelt™ - this felt is stiffened so it will serve as a base to help keep the footballs from flipping forward when hanging.

Use Fabri-Tac to mount embossed footballs over solid footballs.

Paint stripes and stitches onto each football with white Multi-Surface Acrylic paint. Let dry.

Roll white Makin's Clay® to approximately 1/4" thick. Place alphabet stencil over clay, use pointed clay tool to trace around inside of each letter to spell out GO TEAM.

Use scissors to cut out each letter from clay. (This can be done when clay is wet, or dry as it remains flexible and can be cut with scissors when dry.)

Cut red ClassicFelt™ to 4 1/2" x 24", and royal blue felt to 4" x 24". Use Fabri-Tac to glue two pieces together leaving a 1/4" of the red showing on either side of the blue.

To create hanging loop, fold down one end 1" on back of banner and glue in place at edge only to create place to add ribbon for hanging. Add ribbon.

Equally space and mount footballs at top, center and bottom of banner.

Arrange dry clay letters as desired and glue to banner.
